EDUCATION

DHA Suffa University

Bachelors of Computer Science (3.41 CGPA)

Karachi, PK

Expected (Fall 2027)

SUMMARY

Innovative developer with strong leadership experience, skilled in **C/C++**, **Java**, **HTML**, **CSS**, and **Python**. With a proven track record in driving successful projects and **PR strategies**, I'm transitioning into Full Stack Development to create impactful, **user-centric** solutions. Ready to lead and innovate in any challenge I take on.

EXPERIENCE

Host/Event Coordinator

Jan. 2025 - Present

Public Speaking Society, DHA Suffa University

- **Organized** and **marketed** "Mic Drop," the inaugural event of the Public Speaking Society at DHA Suffa University, achieving a **strong turnout** that exceeded initial expectations.
- Managed event **logistics**, including coordinating venue setup and ensuring smooth transitions between activities.
- Greeted attendees and participants personally, fostering an engaging and welcoming environment that contributed to an **80%+ satisfaction rate** based on post-event feedback.

Director of Public Relations

Nov. 2024 - Present

ACM Chapter, DHA Suffa University

- Directed PR drives across campus, engaging **750+ students**, alumni, and faculty, resulting in a **275% surge** in event registrations (**target: 60+ participants**; achieved: **225+** registrants and **80+** teams) for *Scratch Day* 24-25.
- Negotiated with faculty to implement participant incentives, driving a **13% increase** in total registrations and enhancing ACM's event value proposition.
- Managed team allocations and verified **95% attendee show-ups** from pre-registrations, ensuring smooth execution of a competition spanning **3 modules and 15+ timed challenges**.

PROJECTS

Dari Mooch Clone (in progress...) / Html, CSS, and JavaScript

Sep. 2024

- Developed an e-commerce replica of the Dari Mooch platform using **HTML**, **CSS**, and **JavaScript**, featuring a **fully responsive design**, **adaptive navigation**, and **dynamic product management** (sorting, pagination, inventory of 100+ items).
- Engineered **secure user authentication systems**, including **login and registration**, while enabling **scalability** for future features like **search optimization** and **payment integration**.
- Achieved **top-tier Lighthouse scores** in **speed**, **accessibility**, and **SEO**, demonstrating **technical excellence** in web development.

Employee Management System / Java, Java Swing, MySQL, JDBC, IntelliJ

June. 2024

- Engineered essential features, including **add**, **view**, **search**, **update**, and **remove** employee functionalities, with future plans for advanced features like **archiving employees**, **access restrictions**, and **enhanced validation checks**.
- Overcame challenges in seamless **database connectivity** via **JDBC** and robust **exception handling**, ensuring an intuitive user experience with minimal errors.
